Clinical Reels  
Thursday,  
November 27, 2025

Room  
114+115+116+117

Sepa25

9.30–11.00

## Game of Thrones Scaffolds or membranes? Advances in technique.

Use of resorbable membranes.  
Autogenous bone plates (Khoury Technique).

Moderator  
Vanessa Ruiz Magaz

Surgical Commentary  
Istvan Urban  
Luca de Stavola

11.00–11.30

Break. Expoperio.

11.30–13.00

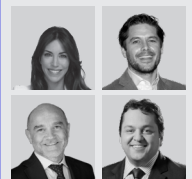

## Mucogingival How do we currently treat implant recessions?

Coronally advanced flap in challenging cases.  
Achieving coronal advancement with the tunnel  
technique.

Moderators  
Patricia Solano  
Ignacio Sanz Martín

Speakers  
Giovanni Zucchelli  
Paulo Mesquita

13.00–14.00

## Corporate Forum

What do we know, and where are we headed in  
preventing peri-implantitis? SEPA-TICARE Delphi  
Project

Speakers  
Ana Molina  
Alberto Monje

14.00–15.00

Break. Expoperio.

15.00–16.30

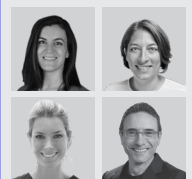

## Regeneration Complications in bone regeneration: learning from mistakes.

Complications in guided bone regeneration using  
membranes.  
Complications with non-resorbable membranes.  
Complications in open and closed sinus lifts.

Moderator  
Ana Molina

Speakers  
Nadja Naenni  
Isabella Rochietta  
Lior Shapira

16.30–17.30

Break. Expoperio.

17.30–19.00

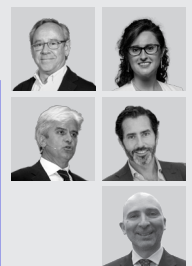

## Regeneration The power of periodontal regeneration.

What we have learned over the last three decades.  
What remains to be learned.  
New horizons in periodontal regeneration.  
Presentation of the SEPA Foundation Platinum  
Award to Sandro Cortellini.

Moderators  
Mariano Sanz  
Elena Figuero

Speakers  
Sandro Cortellini  
Filippo Graziani  
Maurizio Tonetti

## Master Sessions

Thursday,  
November 27, 2025

Room  
112

Sepa25

11.30–13.00

### Periodontal Health Emerging approaches in periodontal diagnosis: the future according to the 20th European periodontology workshop

**Conclusions from the 20th Periodontology Workshop on new technologies for diagnosis.**  
**How we identify or predict disease and risk in the dental office.**  
**How we identify or predict disease and risk outside the dental office.**  
**What's next? Let's glimpse into the future.**

**Moderator**  
David Herrera

**Speakers**  
David Herrera  
Maurizio Tonetti  
Eduardo Montero  
Faleh Ahmad Tamimi

13.00–14.00

### Corporate Forum

**Lunch & Learn**

**LISTERINE**

14.00–15.00

Break. Expoperio.

15.00–16.30

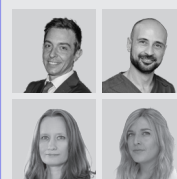

### Periodontal Health Science in the service of oral health.

**Managing chronic non-communicable diseases: What should periodontists know?**  
**#FeedYourWellness. Nutrition and health. Healthy diets.**  
**#IncorporeSano. Physical exercise and health.**

**Moderators**  
Andrés Pascual  
Agustín Casas

**Speakers**  
Sari Arponen  
Cristina Vera

16.30–17.30

Break. Expoperio.

17.30–18.00

### Corporate Forum

**Speaker**  
Ramón Gómez Meda

18.00–19.30

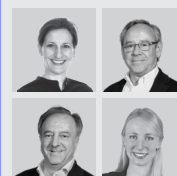

### Oral Reconstruction Foundation Immediacy in implantology: the latest advances.

**Sepa.** 

**Scientific evidence and clinical guidelines.**  
**Immediate loading of implants and restorations in single-unit prostheses and narrow-arch tooth-supported fixed prostheses: indications, limitations, and clinical protocols.**  
**Immediate loading of implants and restorations in full-arch rehabilitation: indications and clinical protocols.**

**Speakers**  
Irena Sailer  
Mariano Sanz  
Juan Blanco  
Diana Heimes

Clinical Reels

Friday,  
November 28, 2025

Room  
114+115+116+117

Sepa25

9.30–11.00

## Peri-Implant Health

**Management of a compromised alveolus without a buccal wall in the esthetic zone.** Video format

ES/ENG

**Immediate implant with simultaneous reconstruction.**

**Alveolar reconstruction and delayed implant.**

Moderator

–

Speakers

Jan Cosyn

Gustavo Ávila

11.00–11.30

Break. Expoperio.

11.30–13.00

## Peri-Implant Health

**Pros and cons of peri-implantitis treatments.**

ES/ENG

**Pros and cons of flapless treatment.**

**Pros and cons of flap treatment.**

Moderators

Beatriz De Tapia

Ignacio Sanz Sánchez

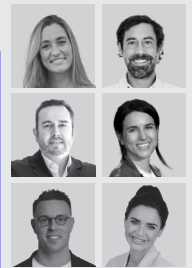

Speakers

Antonio Liñares

Ana Carrillo de Albornoz

Alberto Monje

Ausra Ramanauskaite

13.00–14.00

## Corporate Forum

ES/ENG

**Fifty & Fifty: Immediate implants in compromised alveoli.**

Speakers

Marta Muñoz

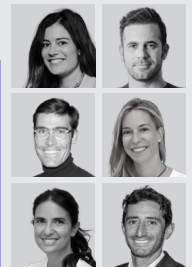

Juan Zufía

Fernando Noguero

Leticia Room

Berta García Mur

Herminio García

14.00–15.00

Break. Expoperio.

15.00–16.30

## Implants

**New digital frontiers in implant therapy.**

ES/ENG

**Artificial intelligence applied to clinical practice.**

**A new era in treatment planning using digital tools.**

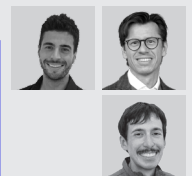

Moderator

Ignacio Pedrinaci

Speakers

Tim Joda

Francesco Mangano

16.30–17.30

Break. Expoperio.

17.30–18.00

## Corporate Forum

ES/ENG

**Implants in the esthetic zone 2025.**

Speaker

Juan Mesquida

18.00–19.00

## Periodontal Health

**The success of a patient-centered clinic.**

ES/ENG

**The patient at the center of evidence-based periodontics.**

**The impact of periodontal health on patients' quality of life.**

**Digitization and technology for more humanized care.**

**What value do our patients perceive from periodontal treatments?**

**Presentation of the Promotion of Periodontics Award.**

Moderator

Paula Matesanz

Speakers

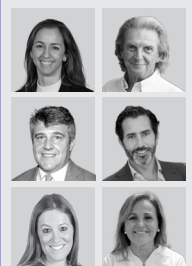

Miguel Carasol

David Herrera

Filippo Graziani

Carolina Mor

Nuria Vallcorba

## Master Sessions

Friday,  
November 28, 2025

Room  
112

Sepa25

9.30–11.00

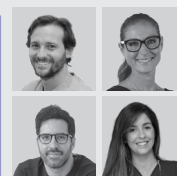

### Implants What to do with lost teeth in the esthetic zone of young patients?

**Facial growth and infra-positioning of dental implants.**  
**Autotransplantation as an alternative to dental implants in young patients.**  
**Prosthetic alternatives to dental implants for anterior tooth rehabilitation in young patients.**

**Moderator**  
Germán Barbieri

**Speakers**  
Nicole Winitsky  
Ernest Lucas-Taulé  
Carmen Álvarez-Novoa

11.00–11.30

Break. Expoperio.

11.30–13.00

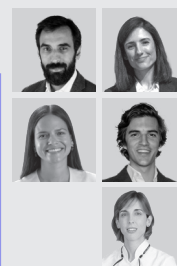

### Interdisciplinary Current trends in the management of gummy smiles.

**Managing gummy smiles with injections (Hyaluronic Acid vs. Botox).**  
**Managing gummy smiles with digitally guided periodontal surgery.**  
**Managing gummy smiles with orthognathic surgery.**

**Moderators**  
Juan Flores  
Olalla Argibay

**Speakers**  
Teresa Blanco  
Javier Calatrava  
Raquel Guijarro

13.00–13.45

### Corporate Forum

straumanngroup

**Speaker**  
Fernando Franch

13.45–15.00

Break. Expoperio.

15.00–16.30

### ITI – Sepa Conclusions from the 7th ITI Consensus (2023)

Sepa.  International Team  
for Implantology

**Clash of titans: Managing dehiscences during implant placement: hard tissue grafts vs. soft tissue grafts.**

**Moderator**  
Antonio Liñares

**Speakers**  
Ronald Jung  
Giovanni Zucchelli

16.30–17.00

Break. Expoperio.

17.00–17.30

### Corporate Forum

eckermann  
DENTAL IMPLANT SYSTEM

**Speaker**  
–

17.30–19.00

### Regeneration Therapeutic options for severe bone atrophy in edentulous maxillae.

**Non-reconstructive alternatives.**  
**Regeneration-based approaches.**

**Moderator**  
Cristina Vallès  
Luca De Stavola

**Speakers**  
Federico Hernández Alfaro  
Istvan Urban

Clinical Reels  
Saturday,  
November 29, 2025

Room  
114+115+116+117

Sepa25

9.30–11.00

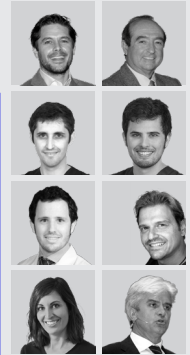

## Perio Clínica Perio Clínica Symposium.

ES/ENG  
▶

**A contemporary view of multidisciplinary dentistry.**  
**Which links between periodontal and systemic diseases are relevant for clinicians?**  
**Evolving concepts in periodontal regeneration treatment.**

Moderator  
Ignacio Sanz Martín  
Ion Zabalegui

Speakers  
Ignacio Blasi  
Gonzalo Blasi  
Álvaro Blasi  
Francesco D'Aiuto  
Eva Muñoz  
Sandro Cortellini

11.00–11.30

Break. Expoperio.

11.30–12.00

## Corporate Forum

ES/ENG  
▶

**The present and future of minimally invasive approaches.**

EMS<sup>®</sup>

Speakers  
Ana Carrillo de Albornoz  
Ignacio Sanz Sánchez

12.00–13.30

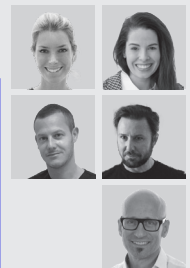

## Osteology Foundation – SEPA Soft tissue deformities around implants: Pushing boundaries for solutions in complex anterior cases.

Sepa. 

ES/ENG  
▶

**Biological principles of soft tissue healing around dental implants.**  
**The papilla dilemma: strategies for inter-implant papilla reconstruction.**  
**Reconstruction of soft tissue in previously failed cases.**

Moderator  
Isabella Rocchietta  
Anina Zürcher  
  
Speakers  
David Nisand  
Marcelo Favari  
Markus Hürzeler

9.30-11.00

**Regeneration**  
**What's new and what's better in tissue regeneration?**

ES/ENG  
▶

**Use of autologous platelet-derived factors (from the patient).**  
**Use of autologous biomaterials in hard and soft tissue regeneration for immediate and delayed implants: from the evidence to clinical applications.**

Moderator  
Juan Blanco  
  
Speakers  
Ana Castro  
Nelson Pinto

11.00-11.30

Break. Expoperio.

11.30-12.00

**Corporate Forum**

ES/ENG  
▶

align

Speaker

12.00-13.30

**Interdisciplinary and Digital**  
**The impact of digitization in treating patients with stage IV periodontitis.**

ES/ENG  
▶

**Smile design and treatment planning for rehabilitating patients with stage IV periodontitis.**  
**Advantages of digitalization in orthodontic treatments for patients with stage IV periodontitis.**  
**Integration of digital tools in fixed prosthetic restorations for patients with stage IV periodontitis.**

Moderators  
Sergio García Bellosta  
  
Speakers  
Fernando Franch  
Conchita Martín  
Wenceslao Piedra

Event Available via  
**Streaming**

Program  
**HYGIENE AND  
PREVENTION**  
NOV/27 – 29/2025

Hygiene and Prevention  
Thursday,  
November 27, 2025

Room  
211

Sepa25

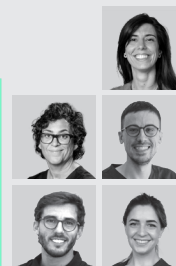

17.30-19.00

## Hygiene and Prevention Committed to oral cancer prevention.

**Preventive measures for oral cancer.**  
**Oral cancer screening exams.**  
**Before, during, and after oral cancer treatment.**  
**Keys to the prevention and early detection of oral cancer: clinical cases.**

**Moderator**  
**Neus Carrió**  
  
**Speakers**  
**Milagros Díaz**  
**Octavi Camps**  
**Víctor Gil**  
**Beatriz Turégano**

19.00-19.30

## Corporate Forum

**How to maintain healthy gums and avoid implant complications? Antibacterial agents in oral hygiene.**

**Speaker**  
**Ignacio Sanz Sánchez**

9.30–11.00

## Hygiene and Prevention

### The use of antiseptics in the prevention and treatment of periodontal and peri-implant diseases.

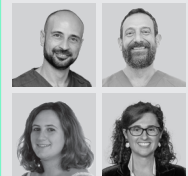

**Do we know the products available in the market and their indications?**

**Can antiseptics help us prevent periodontal and peri-implant diseases?**

**The use of antiseptics in the treatment of periodontal and peri-implant diseases: when and why to choose them.**

**Moderator**  
Agustín Casas

**Speakers**  
Jorge Serrano  
Nagore Ambrosio  
Elena Figuero

11.00–11.30

Break. Expoperio.

11.30–13.00

## Hygiene and Prevention

### Clinical tips for periodontitis management.

**Preventive steps and strategies for the oral microbiome: the impact of mechanical biofilm control.**

**Preventive steps and strategies for the oral microbiome: impact of the use of antiseptics.**

**Strategies for motivating patients to change habits and behaviors.**

**Moderator**  
Neus Carrió

**Speakers**  
Elena Martínez Sanz  
Verónica Ausina  
Javier Vilarrasa

13.00–15.00

Break. Expoperio.

15.00–16.30

## Hygiene and Prevention

### The role of artificial intelligence in the prevention and control of periodontal diseases.

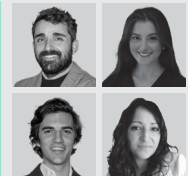

**AI for periodontal disease prevention.**

**AI for improving diagnostic precision and treatment of periodontal diseases.**

**AI for optimizing communication and interaction between patients and professionals.**

**Moderator**  
Manuel Cabezas

**Speakers**  
Mónica Bonfanti  
Javier Calatrava  
Eva Martín Herranz

16.30–17.00

Break. Expoperio.

17.00–17.30

## Corporate Forum

**Speaker**  
–

17.30–19.00

## Hygiene and Prevention

### Caring for oral health from prior to conception to adolescence.

**The oral microbiome: the importance of oral health prior to conception.**

**Care during the first 1,000 days of life.**

**Oral health in children and adolescents.**

**Moderator**  
Ana Carrillo de Albornoz

**Speakers**  
Angus García  
Jenny Abanto  
Cristina López Callen  
Tania Elvira Ballano

9.30–11.00

Hygiene and Prevention  
Interdisciplinary treatment  
prevention.

Treatment protocols for patients with periodontitis and esthetic or functional needs.  
How do we prevent relapse of periodontitis during orthodontic treatments?  
Managing and motivating patients with dental implants.

Moderator  
María Rioboo  
  
Speakers  
Fernando Luengo  
Marta Peña  
Mamen Tomé

11.00–11.30

Break. Expoperio.

11.30–12.00

Corporate Forum

How to tell my patient to maintain oral hygiene and keep their implants healthy?

Speaker  
Javier Calatrava

12.00–13.00

Hygiene and Prevention  
The diet as a pillar of oral health.

Oral microbiota, diet, and systemic diseases.  
The role of diet in periodontal health: nitrate as a prebiotic.  
Principles of psychoneuroimmunology (PNI) in dental practice.

Moderator  
Sonia Rodríguez  
  
Speakers  
Giuseppe Mainas  
Bob Rosier  
Valle Valera
